**Elliott Blade, President, CHAIR**

**Note from the Secretary:**

_The Executive Committee Meeting is a forum for Executive Committee Members to have a frank exchange of views and not normally subject to pedantic scrutiny regarding the verbatim interpretation of meeting protocol._

_**I normally sit at the Executive meetings listening to the exchange of views regardless of the fact that the usual constitutional meeting format that sometimes falls by the wayside, it allows the meeting to flow.**_

_Last night however degenerated into a verbal shambles created by an observer who had been given speaking rights. Those rights were given to raise a matter in General Business and although this occurred there were continuous interruptions asking questions about almost every part of the agenda._

_The effect of this was, I noticed, a number of elected Executive Committee Members at the table did not get an opportunity to raise their issues regarding contentious parts of the meeting._

_There is no intention to stifle any visitor business but the meeting format needs to be made clear to all observers and those who wish to speak. It needs to be clarified that speaking rights are granted for a specific issue only and do not allow the visitor to then take part in the meeting proper occupying discussion time of the duly authorised Executive Committee Members._
